

XP-PEN®
GRAPHIC TABLETS
NOW AVAILABLE IN INDIA

Artist 22R Pro Unleash new creative possibilities.

- ▶ The Artist 22R Pro is the first graphics display that supports a Type-C to Type-C connection, letting you directly connect your iMac/Mac Book Pro and other Windows computers that support Type-C input to the 22R Pro without using a Type-C to HDMI & USB adapter.
- ▶ By applying the latest innovation and technology, the 22R Pro lets you draw with virtually no parallax and a more precise cursor positioning even at the four corners.
- ▶ The 21.5 inch FHD Display pairs a superb color accuracy of 88% NTSC (Adobe® RGB \cong 90%, sRGB \cong 120%), adding brilliance to your creation with more exquisite details and vibrant colors.
- ▶ The XP-Pen Artist 22R Pro features two easy-to-control red dial wheels and 20 customizable shortcut keys that are conveniently placed on both sides, making it equally accessible for left and right-handed users.
- ▶ The PA2 battery-free Stylus supports up to 60 degrees of tilt function and provides superior line performance to create the finest sketches and lines.
